Affected Programs

This guidance applies to the origination of all FHA Title II forward mortgage programs, and the Home Equity Conversion Mortgage program (HECM).

Background

In ML 2016-11, FHA established requirements regarding the eligibility for FHA-insured mortgages of properties encumbered with PACE obligations that permitted, under some circumstances, a continuing obligation for repayment of the PACE obligation even after foreclosure and acquisition by FHA. These requirements were subsequently incorporated into the HUD Single Family Housing Policy Handbook 4000.1 (Handbook 4000.1).

FHA is concerned about the potential for increased losses to the Mutual Mortgage Insurance Fund due to the priority lien status given to such assessments in the case of default. FHA is also concerned with the lack of consumer protections associated with the origination of the PACE assessment, which are far less comprehensive than that of traditional mortgage financing products. FHA's involvement with accepting properties with PACE assessments may indirectly help to overshadow potential consumer abuses.

While the existence of FHA-insured financing for properties with PACE assessments creates additional choices for financing options, potential borrowers may face risk associated with the potential for property overvaluation due to the unknown or miscalculated effect of the PACE lien on the property value.

FHA is also aware of the need to provide guidance regarding the extinguishment of PACE obligations in association with forward mortgage refinances and HECMs.

Accordingly, FHA has revised its policies with respect to the insurance of mortgages on properties encumbered with PACE obligations.

The policies and procedures for the servicing of FHA-insured mortgages on properties encumbered with a PACE obligation as announced in ML 2016-06 are not impacted by this ML and remain in effect.
